Magnum[®] PRO 150SG Spool Gun

PRECISE FEEDING PERFORMANCE

KEY FEATURES

The Magnum[®] PRO 150SG spool gun is an affordable solution for reliable and precise wire feeding performance with soft aluminum wire. Designed for easy setup and simple operation, The Magnum PRO 150SG caters to both experienced and hobbyist welders using Lincoln Electric compact wire feeder/welders

- · Ergonomic, Balanced Design this lightweight gun is easy to handle for extended welding sessions. An optional, removable second handle provides improved and personalized grip options.
- Hassle Free Set Up The Magnum PRO 150SG Spool Gun connects directly to both 4-pin and 8-pin Lincoln Electric welding machines
- Durable Storage And Travel Case The robust carrying case protects the spool gun from damage during storage and transport.
- Premium Magnum PRO Expendables Patented features designed with both performance and productivity in mind help extend service life, reducing downtime and overall costs

For best welding results with Lincoln Electric[®] equipment, always use Lincoln Electric consumables. Visit www.lincolnelectric.com for more details.

CUSTOMER ASSISTANCE POLICY

The business of Lincoln Electric is manufacturing and selling high quality welding equipment, automated welding systems, consumables, cutting equipment and EV charging systems. Our challenge is to meet the needs of our customers, who are experts in their fields, and to exceed their expectations. On occasion, purchasers may ask Lincoln Electric for information or technical information about their use of our products. Our employees respond to inquiries to the best of their ability based on information and specifications provided to them by the customers and the knowledge they may have concerning the application. Our employees, however, are not in a position to verify the information provided or to evaluate the engineering requirements for the particular weldment, or to provide engineering advice in relation to a specific situation or application. Accordingly, Lincoln Electric does not warrant or guarantee or assume any liability with respect to such information or communications. Moreover, the provision of such information or technical information does not create, expand, or alter any warranty on our products. Any express or implied warranty that might arise from the information or technical information, including any implied warranty of merchantability or any warranty of fitness for any customers' particular purpose or any other equivalent or similar warranty is specifically disclaimed.

Lincoln Electric is a responsive manufacturer, but the definition of specifications, and the selection and use of specific products sold by Lincoln Electric is solely within the control of, and remains the sole responsibility of the customer. Many variables beyond the control of Lincoln Electric affect the results obtained in applying these types of fabrication methods and service requirements

Subject to Change – This information is accurate to the best of our knowledge at the time of printing. Please refer to www.lincolnelectric.com for any updated information.
