Helmet Features

ClearLight™ Lens Technology optimizes contrast and clarity in welding and light states, and allows for a brighter light state while not welding – keeping the helmet down between welds while within arm's reach of the workpiece.

Three Operating Modes: Weld, cut and grind provide enhanced versatility.

Apparel Features

Performance MIG & TIG Gloves: Unprecedented comfort and performance with exceptional dexterity and flexibility.

Classic Cloth Jacket: 9 oz flame-resistant cotton with finished hems and reinforced stitching for enhanced durability.

Safety Glasses: Optimal eye coverage with increased comfort and style in shade #5 and clear.

Accessories Features

Chipping Hammer with a straight head and replaceable wire brush with durable handle.

MIG Pliers feature a narrow jaw design to fit in tight spaces and also help with quick nozzle cleanup.

Wire Brush is a sturdy, high-quality stainless brush with durable nylon, long, heat-resistant handle.

Jobsite Toolbag allows for easy transportation and storage of welding gear.

SMALL SAFETY PACK

PACKAGE PART NUMBER: 295385
