

# Free Hypertherm cartridge reader with purchase of Powermax45 SYNC

## Unlock the power of real time data and cartridge performance with the cartridge reader and reader application 4.4!

For a limited time, receive a free cartridge **reader** with the purchase of a Powermax45 SYNC. The Hypertherm cartridge reader works with the Powermax SYNC™ cartridge reader app to provide a simple process for reviewing data stored in Hypertherm cartridges.

- View graphs for starter counts, transfer time, transfer performance
- New dashboard to see a complete view of your scan cartridge data
- View fault codes with search feature to find and resolve system errors
- Keep track of remaining life on cartridge with the Life Meter Threshold
- Access the Training and Resource Center
- Data in the app can then be imported into the [cartridge excel data analysis tool](#)

[Watch this video to see all the benefits of the cartridge reader and app](#)

**The Offer:** From September 1, 2024 - February 28, 2025 when you purchase a Powermax45 SYNC at any Hypertherm authorized distributor, you'll receive a free reader!
